

Langwarrin Football & Netball Club 2016

Welcome all players, volunteers, families and the community to your club

Our Club

- * Our vision for your club is to have the community embrace and support a successful on field and off field club, whereby the children of the community can join the club at a young age, develop their physical and social skills in a protected and safe environment. Have our parents, grandparents, wife's and partners support their sons and daughter's enjoying the sport they have chosen. Encourage those other clubs to also enjoy the environment we have created and the culture we have developed – a family club.

Our people

- * The Langwarrin Football & Netball club is made up of several hundred members, including AUSKICK, Juniors, u19's, Reserves and Seniors.
- * We as senior club members all have a responsibility in guiding the youngest not only through football or netball skills, however in the way they interact and conduct themselves through the journey as a member of our club. We need to lead by example, from the President through the entire club, so as to demonstrate to the parents, grandparents and the community that the Langwarrin Football & Netball Club is a place whereby we encourage a good wholesome culture and a family environment to as to develop good young citizens that will contribute in our community.

Our Players

- * Our Football and Netball departments are working hard to create competitive teams to represent our community in the Mornington Peninsula Football and Netball League for 2016.
- * The club will support our players and officials to allow them to focus on their roles, and to maximise their personal and group performance on and off the field.
- * Transition of junior players into the u19's squad will be closely managed to ensure all players are made welcome and understand the structure of the senior club.

* Gary Harkness	Player Sponsorship
* Kevin Maher	Corporate Sponsorship
* Ben Wehner	General Committee
* Dylan Ebert	General Committee
* Adrian Peynenborg	General Committee
* Ray Ross	General Committee
* Wayne Smith	General Committee

Club Culture

- * The culture of the Langwarrin Football & Netball club is to be based on the values of respect, Integrity, discipline, strength, acceptance, understanding, transparency of process and a willingness to provide valued contribution to the club and the community.
- * Our social responsibility to our members is to be first and foremost, with a strong emphasis on education and communication so as to deliver a common message, such as zero tolerance to unacceptable behaviours of which hold our club in disrepute.
- * Create an environment of family, enjoyment and success.

Lloyd Park

- * We as a club enjoy one of the best facilities on the peninsula, with strategic planning and significant investment from stakeholders such as the Junior body and local council we have created a safe and enjoyable sporting environment, that not only our club but the entire community can utilise.
- * Future plans – This club will work in conjunction with the community, local and state government to further develop Lloyd Park as a community facility.

Lloyd Park - planning

- * Lloyd Park Oval 2 sportsground lighting is ranked as the highest priority for renewal and I would anticipate that these lights will be replaced during the summer of 2016/17. 2 lighting replacements should be funded annually.
- * Lloyd Park Oval 3 sportsground lighting is ranked as the 5th highest priority for renewal and I would anticipate that these lights will be replaced during the summer of 2018/19 (if Carrum Downs Oval 2 lights are funded this year (when oval 1 is completed), there is a chance that they may be funded in 2017/18).
- * Lloyd Park Oval 1 sportsground lighting is ranked as the 7th highest priority for renewal and I would anticipate that these lights will be replaced during the summer of 2022/23.

Lloyd Park - planning

- * Lloyd Park oval 2 sportsground restructure is ranked as the 9th highest priority for renewal. Works will consist of drainage upgrade, irrigation upgrade, installation of instant turf (santa ana couch and new interchange benches). Given we have just started funding 1 sportsground per year (at \$800K each) it is likely that the works will take place over the summer of 2024/25.
- * A 6m x 30m ball protection fence behind the oval 1 western goals to be considered for funding during the 16/17 financial year.
- * The resurfacing of the netball courts is listed in the renewal programme however it is difficult to confirm an approximate time frame, will continue discussions with council.
- * There are 15 pavilions ahead of the Lloyd Park Oval 1 Pavilion within the renewal programme that is used to renovate facilities without expanding upon the existing footprint. Approximately \$400K has been allocated to the works (which will end up being more, due to CPI and escalations). I would envisage that 2 facilities would be actioned each financial year, leaving the oval 1 pavilion to be funded in 2023/24. A brand new facility will also be modelled and presented to council.

Lloyd Park - planning

- * Seniors Pavilion - We will create a “family area” for parents, kids and grandparents to enjoy watching the football away from the main stream supporters.

Social media

- * Our club will develop real time communication with refreshed web page and “Facebook” so as we provide ease of access to communicate event dates, match results player profiles and community notices etc.
- * Senior and Junior webpages shall be of same format so as to provide continuity for users.
- * We encourage content to be provided by all of our members.

Sponsorship

- * 2016 will see the introduction of a Corporate Sponsorship Manager so as to provide real focus on securing revenues and partnership with private business, to allow our club to grow and develop success and asset improvements.
- * We shall encourage those small business within our ranks to become our partners, we will promote their business in the club and community.

Succession Planning

- * As a committee we will manage a succession plan, so as to provide an ongoing and stable foundation for future members.
